DEMOCRATS ARE

(Continued from page one)

wall, in committee assembled, reafal party platform adopted at St. Louis and as exemplified in the legislation enacted by the Democratic congress during the past three years.

We point with pride to the legislation placed upon the statute books during the period of President Willeadership. Attention is called to the progressive legislation' dealing with banking and currency, the reduction of tariff rates to revenue basis, the income tax, labor laws, postal savings bank, anti-trust laws, and the many other legislative acts which all tend to enlarge the freedom of the average citizen without encroaching on the legitimate rights of any class.

We gladly indorse the action of the Democratic national convention in Thomas R. Marshall to succeed themrespectively, of the United States, and predict that they will again lead our party to victory, thus assuring to the people of this territory and to the nation at large four more years of national peace and prosperity.

The national Democratic party has fulfilled its promises to reduce the tariff to a revenue basis and has fulfilled this promise so effectually that the tariff question has been practicalninated as a national issue. The tariff question has been so fairly settled that the Republican party has been, and now is, in despair over the want of an issue "with which to beat

We concur in the action of the national administration in repealing the free sugar clause of the Underwood Pariff Act, owing to the exigencies of the times, believing that the revenue tax on sugar is the least onerous and the easiest collected of any tax im-

posed by the national government.

For once in the history of this nation the Republican party is not able to delude the voters by the cry of a full dinner pail. Never before in the history of the nation have the wheels of industry been turning so fast and local legislature that will provide a Robertson, there is no question whatdire predictions of disaster made by the establishment by the federal gov-our Re-ublican opponents when the ernment of a fish cultural and biolo-Democratic administration was inau gic laboratory similar to those al-Democratic administration was inau gic laboratory similar to those algurated, the dinner pail is now full ready established in a similar manner

EDUCATION.

The aims and policy of the Democratic party in this territory regarding this subject were fully set forth in our platform of 1914, and we reaffirm our belief in the principles therein set forth and point with pride to the growth and development of our public school system under the able and efficient management of the present superintendent of instruction. The establishment of vocational schools as ment of vocational schools as dvocated in that plank of the plat orm is now an accomplished fact form is now an accomplished fact throughout a large part of the territory. We pledge our party and the can didates for the house and senate to provide for the further development of this branch of the educational system and to provide for sufficient appropriations to the end that the public school system of the territory may be fully developed and improved.

We further piedge our legislative candidates to use every effort to en act such legislation de will extend the usefulness of the College of Hawali. We realize that this institution ought to be granted every assistance, financial and otherwise, to the end that it

cial and otherwise, to the end that it may adequately serve the purposes for which it was created, and occupy a position in this territory similar to that of other colleges of the same nature through the states of the Union.

We pledge our party to provide for the development of education in ac-cordance with the increase in the school population, with the view that all facilities needful may be provided, so that our growing population may have supplied opportunities to develop into efficient and useful citizens. In creased opportunity should be provided along the lines of vocational training now in force in many parts of the union and we pledge our candidates to cooperation in working out in conjunction with the school such opportunity.

HONOLULU HARBOR. We pledge all our candidates for the for the enactment of legislation and the appropriation of sufficient funds to enlarge the harbor of Honolulu by ging a channel from Honolulu arbor to the Kalihi entrance to that harbor; and by condemnation pro-ceeding, or otherwise, to acquire all essary lands in any place in the territory for the purpose of wharves to meet the increasing demands for greater shipping accommodations. We pledge cur delegate to congress to work for the necessary appropriations for the completion of the above im-provements and for all other such harbor, wharf, and breakwater improve-ments within the Territory of Hawaii as may from time to time become

HOMESTEADING AND HOMESTEAD

One of the greatest obstacles to suc-cessful homesteading in this territory has been the lack of roads during the first few years when the homestead-er is performing his homestead duties. At the very time when the law, as it now stands, compels the homesteader to work and live on his homestead in

islation providing for such a revolving fund of sufficient size to allow the prompt building of roads as soon as the homestead tracts are opened, the moncy from the sale of such home stead lots to be turned back into the said revolving funds on hand to provide for the prompt building of the said homestead roads as soon as the public lands are opened for home-

In connection with the actual opening up of public lands to homesteaders, we point with satisfaction to the increased activity of the present commissioner of public lands in this regard. The government lands available firm our allegiance to the National as agricultural lands are being fast Democratic party and the principles of thrown open to the public, the aim of that party as enunciated in the nation- homesteading these lands is and should be the settlement upon the lands of a permanent class of citizen farmers. We believe in the homesteading of public lands under such regulations and rules as will prevent the said lands being eventually turned over to the sugar corporations and son's wise, progressive and fearless large nolders and will succeed in establishing upon the lands of a permanent class of citizen farmers.

CITY AND COUNTY GOVERNMENT. We again reiterate our faith and belief in county government, and we pledge our representatives and senators to the enactment of such legislation as may be necessary to amend the present charter of the City and County of Honolulu with a view to the efficient and responsible administration of local government by unlisted stocks were unchanged. nominating Woodrow Wilson and elected heads of departments who shall be directly responsible to the people for the efficient management of their particular departments so as to insure the taxpayer against the repetition of the profligate waste of

public funds by the lavish and extravagant appropriations of the present board of supervisors. The extravagant administration of affairs under the present city government has largely increased the tax rate and has decreased the respect of our citizens for the present city government. We demand a return to that simplicity and economy which befits a Democratic government and a reduction in the number of useless offices, the sal- tice. aries of which divert public funds from more legitimate and necessary public improvements.

We further pledge our legislative candidates to amend the other county charters in so far as such amendments may be desired by the citizens of the respective counties as expressed through their duly-elected representatives and senators. FISHERIES.

The aquatic resources of the territory is an important asset that should be conserved and developed.

local legislature that will provide a by all; but, as between him and Judge ernment of a fish cultural and biolo- Hawaiians wanted for chief justice. in many states on the mainland.

The demand for an increased sup-yly of fish at a cheaper price is an urgent one in these islands and one with over hundreds of miles of coast line that can be mot by the applica-

We believe that the present system

f taxation is wrong in theory and in he way it works out in practise. We erge that the tax system should be nade less uncertain in its operation and more equitable in its incidence. The party pledges its candidates to the promoting of legislation calculated to insure a fair and just valuation of property for the purpose of taxation and urge that the value of the land e separated from the value of improvements thereon and the reapprais itself. ing of land values and the improve-nents at regular intervals. We favor the general principal of

ssessing the cost of public improvenents, when practicable against the property benefited. We further beieve that the present frontage tax-'n the . Improved portions of the city and county of Honolulu and should be made applicable only to the open-ing of new tracts for residential pur-

The party is on record as favoring the election by the people of tax assessor for each and every county and again pledges its candidates to sup-port such legislation.

The present territorial law dealing with the sale of intoxicating liquor seems to be in accord with the desires of the majority of both political par-ies, and therefore is not made an issue n this campaign. In view of the rising tide in favor of restriction throughout the nation we confidently look forward to a time when still greater wance may be made in the curtailing of the liquor traffic. STATEHOOD.

The plank in our platforms of 1912 and 1914 pledged the party to intro-duce a bill at the first opportunity to provide for an act whereby Hawaii may be admitted into the union as a state. We again pledge our delegate to Washington to urge this important matter upon the attention of the Congress, recognizing, however, that the unusual nature of the electorate end the development of the islands as a great naval and military outpost present problems that are best handled through Congress in the interests of the nation as a whole.

CHAMBER OF COMMERCE PROTESTS WITHDRAWAL OF VESSEL INSPECTION

"Protest against withdrawal inspection of vessels coming to this territo ey for same reasons as Territorial Board of Health in communication which went to surgeon-general."

This cable was sent to George McK. McClellan, Washington representamany instances the lack of roads has live of the Chamber of Commerce, rendered a compliance with the law almost, if not entirely, impossible.

We advocate now, as we did in 1914, the establishment of a revolving fund for the purpose of building these roads as soon as the public lands are homesteaded. We therefore pledge our representatives and senators to enact leg-

STOCK PRICES

Waialua, Olaa and McBryde were lua seemed most sought but dealings sold throughout the day at \$18.75, Mc-Bryde \$12.62 1-2, Waialua \$37.75, Oahu \$35.75, Ewa \$36.50, Hawaiian Sugar \$45.50, Hawaiian Commercial \$52.75, and Hawaiian Pineapple \$46.75. Pioneer sold down 50 cents to \$55 during the day's trading.

There was more general interest than for several days displayed in the unlisted stocks. Sales of Mineral Products totaled 1680 shares, all at \$1,07 1-2; Oil was off and 500 shares sold at \$3.07 1-2; 600 shares of Engels Copper sold at \$2.60 and 250 shares of Mountain King at 80 cents. Other
